Education

Universität Potsdam

Master of Science in Data Science

October 2024 – Present

Potsdam, Germany

The German International University - Berlin

Semester Abroad Program

September 2021 – March 2022

Berlin, Germany

The German University in Cairo

Bachelor of Science in Computer Science and Engineering

September 2017 – July 2022

New Cairo, Egypt

- Graduated with **Highest Honors** (Grade: A+)
- **Bachelor Thesis:** Brain Hemorrhage Detection from CT Images using Deep Learning (Grade: A+)

Experience

MBition, Mercedes-Benz Group

Working Student – Test and Integration Strategy Team

Dec 2024 – Present

Berlin, Germany

- Built Python-based QA automation integrated into containerized CI/CD pipelines to validate repository compliance and reduce manual review effort.
- Designed and implemented an LLM-powered internal assistant to support repository compliance and improve developer QA workflows.
- Built Grafana dashboards and SQL-based monitoring pipelines for repository metrics.

B_labs – Btech

Data Engineering Intern

Jul 2024 – Sep 2024

Cairo, Egypt

- Engineered ETL data pipelines of high-volume data using AWS Services.
- Orchestrated data ingestion from multiple on-premise sources into cloud ecosystems.
- Contributed to the migration strategy from a Data Warehouse to an AWS S3 Data Lakehouse.

Future Of Egypt for Sustainable Development

Administrative and Technical Assistant - Military Service

February 2023 – February 2024

Cairo, Egypt

- Responsible for the Archive System and IT support for the CEO office.

German International University - (GIU)

Computer Science Teaching Assistant

September 2022 – January 2023

Cairo, Egypt

- Taught courses in Data Structures and Algorithms using Java.
- Created and presented tutorials to first-year students introducing CS with Python.
- Led tutorials and laboratory sessions, demonstrating practical implementation of theoretical Computer Science concepts.

Aman for E-payment, Raya Holding

Java Backend Developer - intern

August 2021 – October 2021

6th of October, Giza, Egypt

- Designed RESTful APIs to facilitate seamless communication between disparate systems.
- Leveraged expertise in 4 web services technologies (REST, JSON, XML, SOAP).
- Implemented middleware blueprints using Apache Camel framework.
- Utilized Hibernate framework for object-relational mapping (ORM) to connect to PostgreSQL database.

Skills

Programming Languages: Python, Java, SQL, HTML5/CSS3, JavaScript.

Technologies/Frameworks: Spark, Dask, Pandas, Tensorflow, OpenCV, Matplotlib, Linux, git, docker, Hibernate, REST, RESTFull, JSON, Flask, NoSQL, MongoDB, MySQL, PostgreSQL, SQL Server, Maven, Junit, Glue, AWS, Hadoop, VS Code, IntelliJ, Google Cloud Platform, Jupyter Notebook, Google Colab, PyCharm.

Languages: Arabic (native), English(fluent), German (B1 still learning)
